

Get Connected at More Broadband Showstopper Events

The 2023 **BROADBAND COMMUNITIES** Summit paved the way. Now consider these top events to learn even more about opportunities for funding, investment, deployment and technology innovation.

HOW DO YOU TAKE HIGH-SPEED BROADBAND FURTHER?

Attend These Showstopper Events!

Check them out, make your plans! Whether you're a service provider, a local government official, a property owner or manager, a technology guru or more, these shows will provide you with the information you need to create a more connected future.

MOUNTAIN CONNECT 2023

August 7-9
Sheraton Downtown
Denver, Colorado
970-382-1799
www.mountainconnect.org

This year Mountain Connect is located in Denver (a direct flight from almost anywhere), making it even easier to get to! Our 2023 conference theme is Collaborate, Integrate, Innovate.

With the participation of 15+ state Broadband Offices, there's no place more important to be than Mountain Connect this year, as we gather to plan the next steps to capitalize on the country's historic broadband investment.

FIBER CONNECT 2023

FIBER CONNECT

August 20-23
Gaylord Palms
Kissimmee, FL
www.fiberbroadband.org

Fiber Broadband Association is excited to announce that registration is now open for Fiber Connect 2023! This August we will be in Orlando, Florida, at the Gaylord Palms Resort and Convention Center and we expect it to be our largest, most successful event ever.

Fiber Connect 2023 will feature executives from a broad scope of industry sectors – traditional audiences as well as new audiences – commercial network operators, mobile network operators, electric cooperatives, municipalities, digital infrastructure asset owners and developers, investors, technology suppliers, enterprises and more.

ISE EXPO

August 29-31
Kansas City Convention Center
Kansas City, Missouri
913-565-2199
www.iseexpo.com

Unprecedented network investments require innovative solutions and education for fixed and mobile networks. ISE EXPO 2023 showcases the next wave of disruptive products, technologies and solutions that solve your network pain points. And as a professional who plans, builds, operates and maintains these networks, you need to attend the ONLY event that really gets what you do! Why go it alone when you can see, touch and demo new products, technologies and solutions that will help you do your job better AND advance your career?

Join us in Kansas City, Missouri, and experience why network professionals from around the globe attend our engaging seminars, commanding keynote presentations, solutions-based vendors and face-to-face networking.

NATOA CONFERENCE

October 2-5
Hyatt Regency Long Beach
Long Beach, CA
trideout@natoa.org
www.natoa.org

NATOA's Conference is the premier educational event for local government telecommunications professionals working on communications, multimedia, programming, wireless, broadband, franchising and siting issues in today's ever-changing landscape. Join over 300 local government professionals from across the country and learn the latest on emerging issues and cutting edge technology in your career.

INCOMPAS

THE FUTURE OF COMPETITION

INCOMPAS

October 8-10
Tampa Marriott Water Street
Tampa, FL
202-296-6650
www.incompas.org

The INCOMPAS Show is the communications industry's premier opportunity to connect with those who matter most to your business.

Taking place October 8-10 at the Tampa Marriott Water Street in Tampa, Florida, INCOMPAS Show is purposely designed to facilitate meaningful exchanges that lead to business deals and pipeline building. Over the course of three days, you will have access to critical networking opportunities, combined with a comprehensive, industry-relevant education program that features top-quality presenters and speakers.

We will kick off with a pre-show workshop that tackles policy issues impacting your business – from broadband network deployment to ESG initiatives and more. New

this year is special programming designed specifically for procurement and purchasing executives, including exclusive panel discussions, networking receptions and The Buyers Forum, where attendees can take impromptu meetings with the buyers they're interested in meeting.

Take advantage of opportunities to enhance your company's visibility among communications industry decision makers through exhibits, sponsorships and hosted meeting rooms. Discover more about these opportunities in The INCOMPAS Show Prospectus, or contact Sky Wang at swang@incompas.org.

Discounted early bird registration rates end August 15. Visit show.incompas.org to learn more and register.

SHLB CONFERENCE 2023

October 10-12
Crystal Gateway Marriott
Crystal City, VA
lachuba@shlb.org
www.shlb.org

The Schools, Health & Libraries (SHLB) Coalition is a leader in advocating for policies and programs that enable anchor institutions to obtain and promote open, secure, high-quality broadband services to support connectivity and equity for all.

MAY 6 – 9, 2024

HOUSTON, TX

The Woodlands Waterway Marriott
Hotel & Convention Center

TO EXHIBIT OR SPONSOR: Irene G. Prescott – irene@bbcmag.com | 505-867-3299

For other inquiries: 877-588-1649 | www.bbcmag.com

Join us October 10-12 at the Crystal Gateway Marriott in Crystal City, Virginia, for AnchorNets 2023 as we explore the BEAD Program, DEA, E-Rate, rural health care, and all things broadband with anchor institutions, industry leaders and policymakers.

New this year is the Broadband Innovation Showcase, which seeks to highlight innovative projects that reduce time to build, create cost efficiencies or economies of scale, deploy new technologies, build new partnerships and leverage new funding sources. This showcase provides a platform to share these innovations and the great work being done and to inform and shape the hundreds of upcoming federal and state broadband projects.

SCTE® CABLE-TEC EXPO®

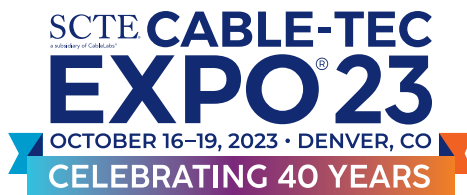

October 16-19
Colorado Convention Center
Denver, CO
800.542.5040 • expo.scte.org

Thousands of global broadband technology and cable media professionals will gather at the SCTE® Cable-Tec Expo®, the preeminent venue for thought leadership, engineering innovation and deal-making within the broadband telecommunications sector.

Create YOUR path for exponential growth and transformation. Join us in Denver to celebrate 40 years of cable tech innovation and discover what is next in the evolution of broadband and 10G technologies.

For the last four decades, SCTE Cable-Tec Expo has inspired and informed thousands of cable industry professionals and created unmatched opportunities for business connections and knowledge exchange.

This year, we will celebrate 40 years of thought leadership, pioneering business insights, and technology transformation. SCTE Cable-Tec Expo '23 delivers an unparalleled opportunity to engage with industry CEOs, CTOs, and decision-makers, reflect on our industry's progress throughout the decades, and preview the emerging technologies and applications transforming the industry.

OPTECH CONFERENCE & EXPO

November 1-3
Wynn Resort
Las Vegas, NV
NMHC.org/OPTECH

Bringing together multifamily's top apartment firms and technology partners, the NMHC OPTECH Conference & Expo provides a forum for leaders to collaborate on strategic action, incubate new ideas and elevate the industry across all areas of business operations and technology.

OPTECH offers an unparalleled educational and networking environment with exclusive peer-to-peer roundtables, property and revenue management workshops and cutting-edge content and speakers. Explore new operations and technology-related products and services in the robust exhibit hall.

Open to NMHC members and non-members, the conference is geared toward decision-making executives. More than 1,000 CEOs, COOs, CTOs, CIOs, VPs, etc. attend.
